BORN.

ON MONDAY, FEBRUARY 22, 1892, Our credit ledger will be closed and stand closed indefinitely;

in other words, we will adopt strictly A CASH SYSTEM of business, which means cash or its equivalent. Doubtless many will be surprised at our course, but a few reasons and we believe any thinking man or woman will see at once that it is not only best for us, but them also:

We want to establish a higher business prin-1St. we want to establish the man who buys as well as the one who sells.

 $2d. \begin{array}{c} \text{It is not justice for the man who pays cash to} \\ \text{pay a larger per cent. in order to make up the} \\ \text{losses that must follow in a credit business.} \end{array}$ It is not justice for the man who pays cash to

He who sells for cash strictly can undersell any 3d. He who sells for cash strictly can describe saving man who runs a credit business, thereby saving on every dollar's the purchaser from 15 to 30 per cent. on every dollar's worth of goods he consumes.

No merchant can afford to insure your life 4th. for six or twelve months on the bill you make, unless you pay him profit enough to take the risk.

There was a time when honest men could calount culate on the future and meet a bill promptly; but hard times and depression in money matters have forced good men to ask for extension, which disappoints you in collections.

6th. If a man owes you, he will go eisewhere to spend his cash, unless he has enough to meet the bill and buy what he needs. It is human nature and cannot be changed; but show him you can save him money by selling close and making no debts, and he proves to be your friend in the end.

Trusting that a few of the many reasons given will convince our friends that we are justifiable in the pursuance of this course, we hope to share their continued favor and patronage, whether it comes from the rich or poor.

We remain yours sincerely,
